A Thanksgiving

Editorial D.C.J.

It is good to look around and see the beauty that survives the "improvements" of man. On the cover is the Mattapoissett river basin. Three hundred and fifty years ago, the Indians knew and loved this spot and those who roamed its banks might still recognize it today. These original Americans rested on the shores of the river chipping arrows, fishing, basking in the sun. They called it Mattapoissett - place of rest. With all the fervor we can muster we can be thankful it still is in its natural state. Our swamps, also, are our bulwarks against the onslaught of the developer. Few communities are so blessed that on one side they have the sea that is spoiled only at great cost by dikes and other atrocities, flanked on the other side by swamps that are destroyed only at great expense by fill and partially protected by law.

For the present we are surrounded by beauty. We have the vast sea space. We have the primeval quiet of swamp and forest. Braced we stand, breathing in a natural element and, for the present, we quietly thank God for our blessings. The young are aware of the task ahead. Their greatest fight lies ahead to preserve for their

MATTAPOISETT PLANS SCHOOL ADDITION

A dire need for additional classroom space in the elementary schools of Mattapoisett resulted in the approval of the Elementary School Building Committee at a Special Town Meeting in January, 1970. A \$2500 budget was appropriated and the Selectmen then appointed the following to the committee: Joseph Travis, chairman; Donald Chase, vice-chairman; Sandra Perkins, secretary; John Gannon, treasurer; Donald Linhares, Town advisor; John Moynihan, administrative advisor; Paul Alves, educational advisor; William Hubbard, Dorcas Layport, JoAnne Demski, Robert Noyer and David McIntire. Purpose of the committee, which has been meeting weekly since March,

1965 with classroom facilities for 250 pupils, a cafeteria, a library and core facilities designed to accommodate a future 12 room addition plus gymnasium. However, the present student enrollment of slightly over 300 pupils has necessitated the conversion of the library into a classroom. Data pertinent to the future student enrollment developed by the School Needs Committee, the Elementary School Building Committee, the Town Census and the Master Plan have indicated a need for 12 additional classrooms to alleviate the overcrowded conditions. Also included in the plans is a gymnasium which is a requirement of the State Board of Education.

Educational specifications submitted by Dr. Joseph Kunces, superintendent of Schools, and Mr. John Moynihan, principal of Old Hammondtown School, were reviewed and discussed at great length. Members of the building committee made field trips to Concord Junior High School, Ripley Elementary School in Concord, Decas School in Wareham and Westport Elementary School to investigate the new concepts in education as it relates to open classroom teaching. thorough discussion with members of the Old Hammondtown teaching staff it was concluded that greater flexibility in the classroom, as opposed to open areas, would better serve the needs of the students and the community.

It was learned at the initial meeting with the Bureau of School Building Assistance, that upon approval, the town would receive a 50% reimbursement by the State. The committee is now preparing to submit the educational specifications for such approval.

The architectural firm of Alger & Gunn of Hyannis was selected to design the new addition and preliminary plans have been submitted to the committee. These plans along with final proposals will be presented at a Special Town Meeting to be held in the near future.

"Footnotes to History"

MEMBERS AND GUESTS HEAR MR. GRAHAM

When the British soldiers marched to Lexington, they were under orders not to hurt anyone, but to find and destroy the weapons and ammunition known to have been collected there. They were met at the Common by a group of colonists. There was a confrontation, but when the leader of the colonists gave the order to disperse, that should have been the end of it. However, someone, somewhere fired a shot, and before the fight ended, 7 men had been killed. At this point in history, England did not want war, and very few of the colonists had any real intention of starting a revolution.

some of the colonists including fishermen from Marblehead, who were experienced in the use of block and tackle, was one of the most impressive accomplishments of the war. The men walked most of the way to Fort Ticonderoga and dragged the cannons from the fort all the way to Dorchester Heights, setting them up during the night so that, when morning came, the British were completely surprised to discover that they and their ships were now under the muzzles of cannons. This was the maneuver responsible for the evacuation of the British from Boston.

These are two of the many interesting "footnotes to history" told by Mr. Philip Graham on Friday night to the members and guests of the Mattapoisett Woman's Club. The evening's activities began with the club's president, Mrs. Albert Furnans, greeting everyone, and then the singing of "We Gather Together" with Mrs. Philip Murray accompanying at the piano. Program chairman, Mrs. James Henderson then introduced the speaker, Mr. Graham, whose talk covered some of the events leading to the Revolution with the purpose of showing the type of men who were the forebears of the New Englanders of today. He points out that it was the old New Englanders who did much to earn this

country's enviable reputation as a great whaling country; they built the fastest commercial clipper ship in the world; they founded the textile and the shoe industries. In present times, it is this area which furnished much of the educational and scientific knowledge which makes New England a leader of the country. There is much to be proud of in her past, and much to build on to keep Boston and New England in the forefront as the country approaches the 200th anniversary of its birth as a nation.

History of Boy Scouting

Boy Scouts is a worldwide organization to train boys between the ages of 8 and 18 in good citizenship and self-reliance. The movement was started in England in 1908 by Robert Baden-Powell, an English army officer. It spread over Great Britain and throughout the British Empire in the first year. Chile was the first foreign country to start scout troops. In the United States the first troops were organized in 1910. By 1960 there were more than eight million scouts in 68 countries. International friendship is one of the principles of the boy scout movement. About every four years scouts from all over the world gather in one place for a two week World Jamboree. The boys and their leaders live in tents and cook their own food over campfires.

Boy Scouts are organized into troops, each of which usually has about four patrols. There are three ranks of boy scouts: tenderfoot, second class and first class. A scout may advance to the rank of star scout by earning merit badges, which are awarded

for achievements in such interests as nature, handicraft and camping. The scout troop is led by a scoutmaster, often with several assistants.

A boy who wants to join the boy scouts must learn the Scout Oath and the Scout Laws, which are a statement of scouting principles. In the oath the scout promises:

1. To do my duty to God and my country and to obey the Scout Law; 2. To help other people at all times; 3. To keep myself physically strong, mentally awake, and morally straight. The Scout Law states that a scout is to be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, and reverent.

During World War II the scout movement was suppressed in many countries of Europe. The scout troops, however, carried on their meetings under cover; and after the war, when they came into the open again, the movement was stronger than ever.

The only true way to perpetuate the American way of boy scouting is through donations or having a once-a-year sale of some type.

Boy Scouts of Troop 15 in Mattapoisett will conduct their annual ball point pen sale on Sunday afternoon, November 29th. The pens will sell for \$1.00 for three pens, or \$2.00 for seven pens. The pens bear the inscription, "Mattapoisett, Massachusetts", and the town seal, and come in assorted colors.

Junior Grange

Mattapoisett Junior Grange will hold its meeting on Friday night, November 27th. The second and fourth Fridays will continue to be its regular meeting nights.

The Junior Committee would like to impress upon the parents of the Junior members the importance of their children being present at these meetings, not only for the value of the training they receive, as well as the friendliness of this group, but the fact that Miss Doris Fearing who is the worthy matron, drives home from college in Bridgewater to keep her obligation to these young people and drives back after the meeting.

The meetings will start promptly at 7:30 P.M. and last until 9 P.M. unless it should be a very special night. So let's do our part to help her.

At the last meeting the Juniors made some very interesting Thanksgiving boxes they are filling for the people at the Mattapoisett Nursing Home.

Good Show, What!

"CHARLEY'S AUNT"

"Charley's Aunt", as a comedy, displays considerable hardening of the arteries but the transfusion of young enthusiasm totally revived the fun of the play in a delightful production at Old Rochester on Friday night. At this time, when a simple majority of male college students go about everyday looking like elderly, ugly female impersonators, the mainline of the plot of the play was plugged by overexposure. In short, the joke is everywhere at present.

Mark Harris impersonated the spry aunt who arrives from Brazil, "where the nuts come from". Mark played the part with great style. His voice a high falsetto, his fan fluttering, his looks coy, Mark struck a rapport with his audience who roared approval of his antics. Steve Whitney as Jack Chesney and Richard Helfand as Charley played very convincing Oxford college students of the Victorian era. Both were proper gentlemen students entwined with an involved plot to entertain their girls on a romantic and solitary weekend. They enlist a fellow student, Lord Fancourt Babberley, known as Babs, and played by Mark Harris, to impersonate the aunt in order to

army. A titled, impoverished man, he decides to court Charley's Aunt who he thinks is a Brazilian millionairess. A triangle develops when Scott Pare, playing the girls' uncle, also becomes romantically inclined toward Charley's Aunt. Scott is, in turn, properly stuffy and bull like in his romantic lunges at the fleet footed Charley's Aunt.

Joel Hartley playing the butler, Brassett; the girl friends played by Cathy Langevin and Kim Barry, Debbie Clarke as Charley's real aunt, and Martha Lorentz as her ward, complete the excellent cast.

Mrs. Nancylee S. Gaucher, senior drama coach, directed the production. In a brief word after the cast had presented her flowers, she said that the play had been the work of the students themselves. They had handled all of the many jobs that are so vital in mounting a good play.

A capacity audience, many of them students, had a wonderful laugh as this talented group took a period comedy and brought it to hilarious life. It is great fun to entertain a responsive audience. It is great entertainment to be treated to an evening of laughter. I can truly say that the Drama Club and their audience enjoyed each other to the fullest.

AWARD TRIP FOR MATTAPOISETT AIDES

Museum Junior Aides of the Mattapoisett Historical Society observed their annual Awards Trip this past Saturday, November 21st. Gifts from anonymous donors make this annual Aides Awards Day possible.

The Museum Junior Aides are a group of teen volunteers, who work at the Museum at least one morning a week throughout the entire summer season.

The outing this year was to Old Mystic Seaport, Connecticut, where the group enjoyed a sparkling Autumn day, leisurely

FEARINGS FETED BY WAREHAM CHAMBER

Outgoing President of the Wareham Area Chamber of Commerce O. Jay Mueller cited the entire Fearing family, who along with friends and relatives, furnished in excess of 500 man hours to create, design and assemble a 42' by 8' float for Wareham, which was entered in the opening day parade of the 350th Pilgrim Anniversary at Plymouth in September. Mr. Mueller noted that the Fearings were non-Chamber members, and that their float is on display in the basement of Wareham Town Hall during normal business hours. Mrs. Lucy Fearing, an art instructor for the Wareham School system, received an engraved desk set on behalf of the entire family.

President C. Del Hammond received the gavel of the office of president for the Wareham Area Chamber of Commerce from O. Jay Mueller at the annual fall dinner dance at the Harbor Beach Club in Mattapoisett on Sunday, November 7th. Area guests introduced included Allen Stapleton, Managing Director; Bob Harrington, vice-president of the Plymouth Chamber of Commerce; Al Joseph, president of the Bourne Chamber of Commerce; Mr. and Mrs. Gene Martinez of the Dow Chemical Company; D.P.W. Commissioner John King and his wife Claire; Selectmen Claire McWilliams and her husband Francis; and Miss Nancy Ann French of Middleboro, the current reigning Miss Wareham of 1969-1970.

Frank Shaw, director of the Department of Tourism for the Commonwealth's Department of Commerce, was introduced to bring greetings from the State, and mentioned that he was encouraged by the Plymouth and Cape Cod delegations, and of his working relationship with the Wareham Chamber committees for tourism.

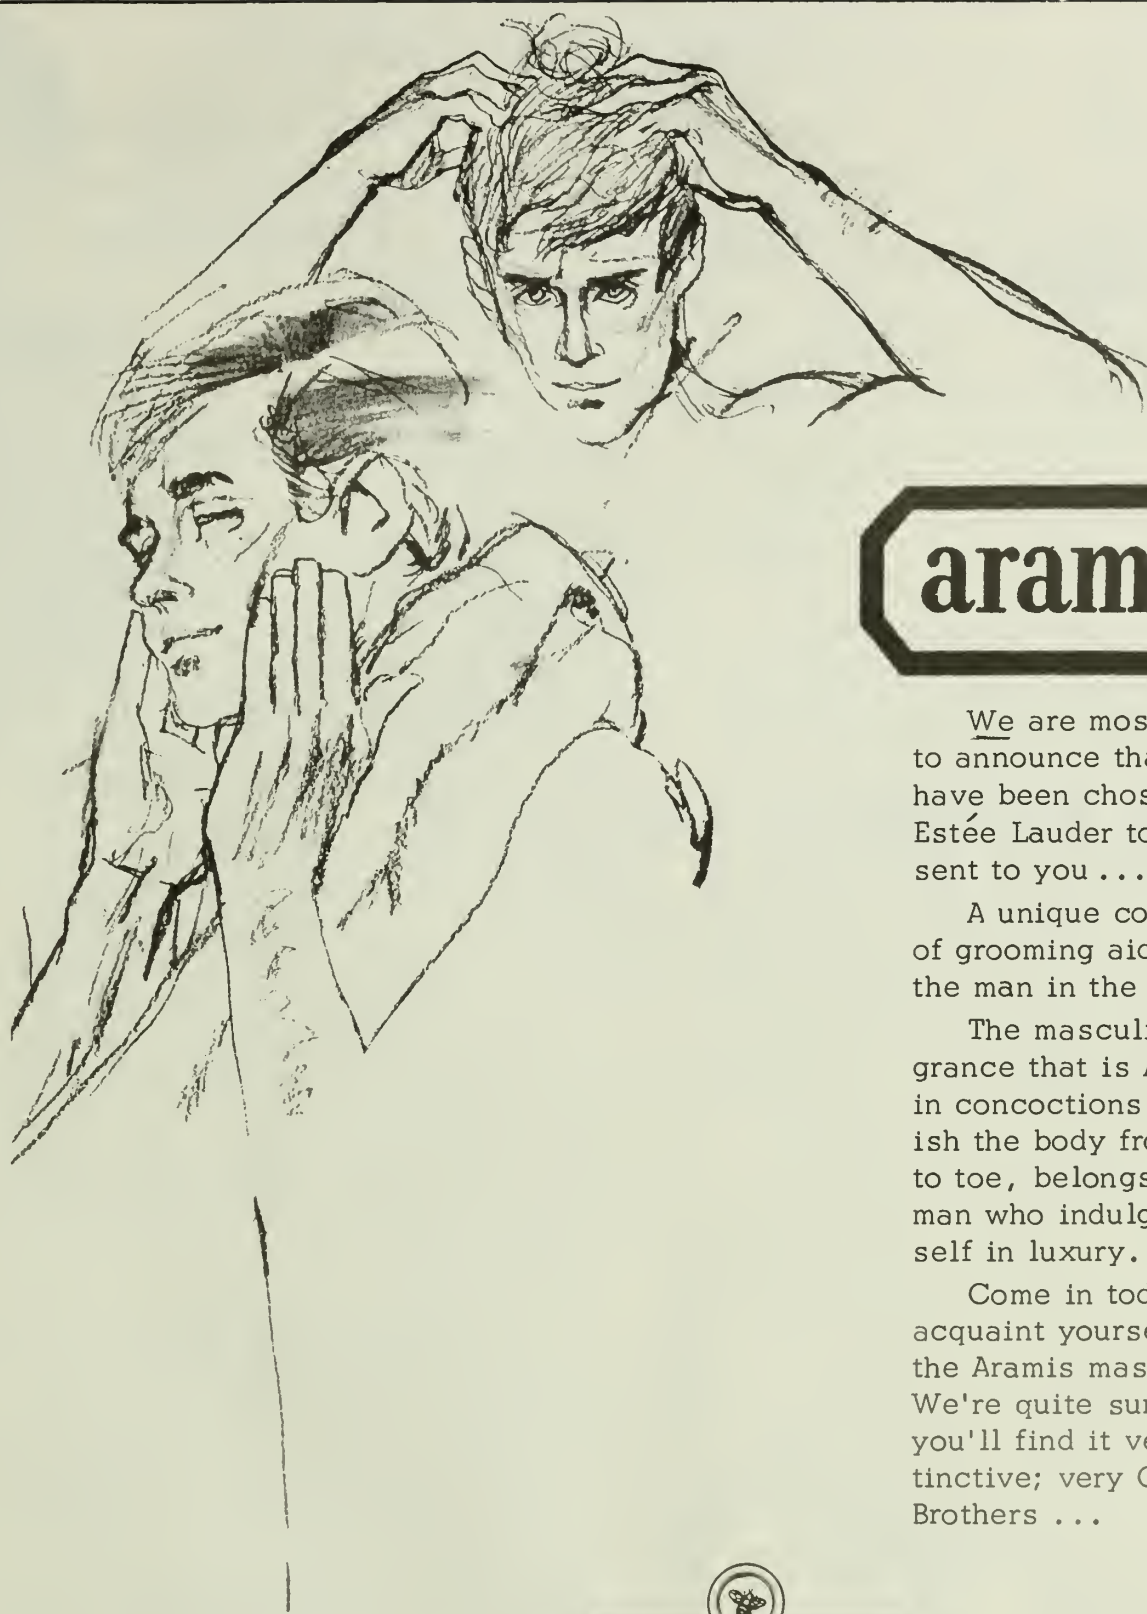

President Hammond outlined the ideas which would be implemented in the forthcoming year: 1. To work with all organizations in town. 2. To work with the management in the town hall. 3. To increase our membership. 4. To take a more active interest in civic developments of the town. 5. To take a firm stand on the issues in town and 6. To bring meetings to members, since this is not a closed corporation, by holding meetings in each section of town.

Mrs. Margery Hammond and Mrs. Emma Houle were in charge of arrangements for the dinner dance. Music for dancing was provided by the Bud Lilly Band of New Bedford.

SADNESS IS SOME THING GONE FOREVER

Every home is a collection of treasures, replaceable at great expense or irreplaceable at any price. There is no sadder day than the morning after the thief has left. You can protect your home against the ever mounting threat of robbery. Professional thieves can be stopped by a professionally installed alarm system. What the hoodlum fears most is noise that will attract attention and increase his chance of being caught. Many homes in this town are now protected. Some are wired directly to the police station where they are monitored 24 hours a day.

Benco Security Systems is your most experienced designer of alarm systems. We are consulted by banks, credit unions, department stores, school systems as well as private homes and have designed systems for all of these clients. We employ bonded, trained technicians and maintain 24 hour service in unmarked vehicles.

There are alarm systems in a wide range of prices to fit a great many different needs. Complete installation can be made within 2 weeks. We invite you to phone us or stop in at our modern showroom to discuss your needs. It may well be the best few minutes you'll ever invest for the peace and security of your family and the safety of your home and belongings.

If you have a neighbor with a system, ask him about it. The chances are that it was installed by Benco because we are one of the oldest, most experienced companies in this area. Service is important. We know it and are proud of ours.
